What were the circumstances that caused you to look for a Financial adviser?

Myself and my husband had struggled for over 6 years to find someone who would be willing to give us a mortgage I was recommended John by a colleague. We were stuck in rented accommodation that was not fit for purpose with the rent going up every year.

How did John help you?

John was fantastic, he supported me through everything. He is extremely efficient and didn't sugar coat anything. I was completely lost in the mumbo jumbo and jargon that is used whilst trying to obtain a mortgage and he brought everything down to my level and explained exactly what was required. Not only that but he succeeded where no other could and secured us a mortgage. He is available day or night to answer any queries whether or not he has completed the job for you or not. I was not a stranger to calling him at 9pm! Fantastic service would definitely recommend and most probably will use again.

What is your current situation? Have you seen the outcome you were hoping for?

What were the circumstances that caused you to look for a Financial adviser?

I wanted to get a better mortgage rate and to consolidate some borrowing but my current mortgage lender would not consider a remortgage application due to monthly outgoings. I looked at another lender but was put off by the lengthy telephone interview required. I did apply for and was accepted for a personal loan but this was at a higher rate of interest and did not cover the whole amount I wanted to cover. I did a search for a mortgage advisor, contacted John and outlined what I was after.

How did John help you?

John replied to my email and stated that he believed he would be able to help me get a mortgage deal. He explained that he would need to do a phone interview with me to gain the information he needed to find me a suitable product. He asked me questions about the priorities I had, what sort of monthly payment I wanted, what term I preferred. John explained the process clearly and kept me informed via email and phone calls throughout the process.

What is your current situation? Have you seen the outcome you were hoping for?

Yes. John found me a mortgage that suited my needs. I have a better rate, additional borrowing for home improvements and reduced monthly outgoings.

What could they have done better?

I can't think of any advice I would give John. I have already recommended him to others and will contact him again when I need another deal.

What were the circumstances that caused you to look for a Financial adviser?

I have been Self Employed for less than 2yrs and John managed to get me a mortgage using 1yr of accounts and proof of extended contract of another 1yr. I also had to produce evidence that I have had continuous permanent employment to show my experience prior to being Self Employed. This shows that John is experienced in his field and knows specific requirements for specific individuals as long as your documents, accounts, bank statements add up.

How did John help you?

John absolutely understood my needs and goalsHe explained everything in a way I

understoodOne of the most important things John did was to continuously update me on the Mortgage application stage and review. John secured me an excellent Mortgage Offer and competitive interest rate with Halifax who had previously rejected my application 5months prior to using John. This showed me that I had wasted my time using a different broker before John, and that broker was inexperienced and knew nothing. Never use a broker who is recommended by the Sales Estate AgentJohn is a genius. He is Bravo.

What could they have done better?

I cannot fault John. He is honest, says it how it is and is always there of I need any thing explained.
